- 3. Director’s Report – reported by Christie McKay, Executive Director
 - 1. The report was this morning during retreat.
- 4. Development Committee – reported by Christie McKay
 - 1. Boardable training
 - 1. We will do boardable trainings at each committee. Stella will set up a time to come to each committee and do a training on Boardable.
 - 2. As a reminder, Briya started Boardable last year and we are giving it one more year to determine whether we want a software program to manage our board materials or if we decide we do not need it.
 - 3. Annual subscription to boardable is \$1600. It can be good for security because we have it all documents together. If we use it well it would be nice to have all the committee materials in one place. If no one has time to use it then we shouldn’t use it anymore.
 - 4. Stella will reach out to committee leads to determine the next time for these trainings
 - 5. If any board members need a link to join Boardable again, please let Stella know.
 - 2. Update on structures
 - 1. We may begin a facilities committee. We have had a research committee, but with Judy slowly moving off the board we may reconfigure some members.
 - 2. We may reach out to people who were on different committees to see how we might want to restructure either this summer or starting in September.
 - 3. Development committee has been responding to and fostering the relationship with Mary’s Center. Christie is looking forward to the development committee following up with what Todd Cox shared with us this morning during the retreat to set up tours, committees between boards, continuing with research institute, and inviting Dr. Elliott to a meeting.
 - 4. Development committee is working on the officer slate for the next board cycle in September, so we’re also interested in having a clearer path to the next chair, have clearer guidelines for max time of service for board chair, etc. It would be great to have a vice chair to have a chair in training. The goal is to have less uncertainty when it’s time for someone to step down.
- 5. Finance – reported by Geovanna Izurieta
 - 1. Approval of IRS 990 form
 - 1. The form is created by our external auditors. There are two changes from last year:
 - Number of volunteers in the form traditionally included only volunteers to come on site to help with programs. From this year, auditors have included members of the board who have participated during the calendar year as volunteers as well.
 - We have added this year’s schedule I (page 32) to include all grant recipients for the childcare grant we received from Mary’s Center during 2021. Schedule I also has listed the financial COVID-19 support Briya has provided to students.

2. *Bill Bletzinger moved to approve the IRS 990 form; Doris Garay seconded. The motion passed unanimously.*

2. Financials from January 2022

1. We continue to track well on key performance indicators.
2. We are ahead 1.6 million dollars overall this year.
3. On the expense side, we have set aside \$270,000 dollars for staff bonuses. Briya hopes to pay those bonuses by the end of this fiscal year, by June.
4. We have gone over budget this year in direct student expenses. We received more money from IJLS grant and as a result we also more capacity to support our students with legal support. Additionally this year, we had more expenses for outdoor learning equipment and supplies as we offered full time outdoor learning at all four sites.
5. We have more office/business expenses. \$35,000 of this variance is additional PPE bought to prevent the Omicron spread such as KN95 masks and rapid test kits.
6. We are ahead of net income with 1.3 million dollars and projected net income is 1.1 million dollars.
7. We are in a good place financially.

6. Medical Assistant Program promotion
 - We have been trying to promote this in advance of open enrollment lottery. On Briya's Facebook there is a video featuring Shenell Williams (current Mary's Center employee who was in Briya's Medical Assistant Program) and Marlene Gutierrez (current MA student).
 - We received 365 views. We are sending this to all our current and former MA students as an outreach opportunity.
